

GREEN ZONE

(5th -11th July 2016)

Just as we cannot blame others for destroying the environment, so we cannot look to others to protect the environment. Responsibility for both begins with us, and if we can teach our children to honor nature, the joys and beauties of the outdoors will be here forever.

The Green zone week was a fun filled and exciting experience for the children-

Tuesday ,5 th July 2016	COLOR OF PROSPERITY -Colors are the joy of life and each has a distinct meaning, with this thought in mind we introduced our lil Daisians to the color of Prosperity i.e. GREEN
Wednesday ,6 th July 2016	Life is a celebration of passionate colors. The world of Daisians is full of beauty, colors in a picture is like enthusiasm in life. Our Pre Nursery kids enjoyed coloring in saplings with full zeal.....
Friday ,8 th July 2016	PLANT A SAPLING -"He that plants trees, loves others besides himself" With this noble thought in mind -Plant a Sapling activity was conducted at DDI where Daisians planted saplings for conserving and protecting Greenery
Monday,11 th July 2016	SAY NO TO PLASTICS –Conservation is an ethic of resources use, allocation and protection. Our Daisians paid their little share in this regards by making ECO FRIENDLY COASTERS.
