

# DAISY DALES INTERNATIONAL–THE COSMIC SCHOOL

## GRANDPARENTS DAY

*“A child needs a grandparent to grow a little more securely unto an unfamiliar world.”*

Students of Pre-Primary made beautiful **cards** and wrote a nice message inside for their grandparents on the occasion of Grandparents Day --- A message through which they wanted to express their love for their grandparents ,who play a pivotal role in their lives in everyway . **Colorful flowers** made of tissue papers by the students of class-1 certainly missed the fragrance , but the inanimate flowers definitely succeeded in conveying the love and warmth that the students bore in their hearts for their grandparents. A **Hindi poem** sung by them made it evident that the grandchildren felt blessed to be raised by their grandparents who are an epitome of love care and affection.
